Dear Friend,

Picture a classroom filled with kids laughing. Now picture the classroom next door filled with kids, too. The two classrooms combined total about 46 children which is the number of kids who find out every day that they have cancer. Childhood cancer is the number one disease killer of children under the age of 21, yet research for pediatric cancer is under-funded up to \$30 million a year. Childhood cancer is different than adult cancer and thus requires different research. Rally Foundation, a nonprofit 501(c)(3), raises awareness and much needed funds for childhood cancer research. Please join us in support of the *Rally Foundation Benefit Bash with Mizuno Big League Players* and help us to further fund cutting-edge research.

Three-time All-Star Atlanta Braves catcher Brian McCann and his wife Ashley will be the honorary chairs of the upcoming *Rally Foundation Benefit Bash with Mizuno Big League Players* to be held on Thursday, November 12, 2009 at The Retreat of Dunwoody. Proceeds will help us to fund cutting-edge research at hospitals across the country to find better treatments with fewer long-term side effects and ultimately a cure.

In just three years Rally Foundation has given away more than \$1 million in research grants funding 39 projects institutions across the country. At Children's Healthcare of Atlanta, Rally funds a senior bone marrow transplant research nurse, a comparative genomic hybridization between tumor cells and somatic cells study and the collection of non-tumor tissue in pediatric cancer patients. Rally also funds the Young Adult Survivors of Childhood Cancer Clinic at Emory University. For every dollar Rally receives, 93 cents is available to support our mission according to audited financials.

The success of the *Rally Foundation Benefit Bash with Mizuno Big League Players* relies on the philanthropy of our community. It is my sincere hope that you will partner with me and the Rally Foundation by becoming a sponsor of this exciting event.
